Post-SLMTA is the preparation for ISO assessment

National Targets for Laboratory Accreditation (set in 2012)

The "fourth" Workshop is critical for reflection and planning: (what about next ?)

The "fourth" workshop is critical for advocacy at highest level in the government

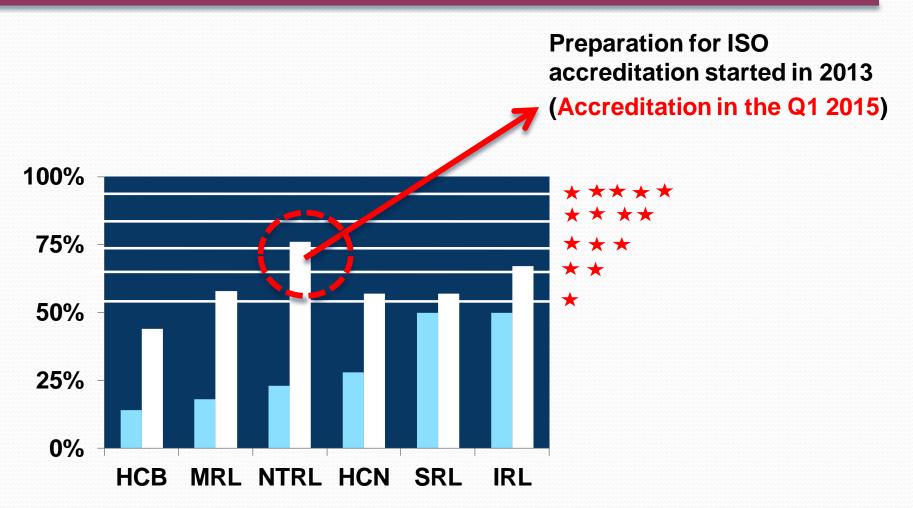

Important decisions are made at the 4th workshop

- Prizes
- Awards
- Best success stories
- Best practices

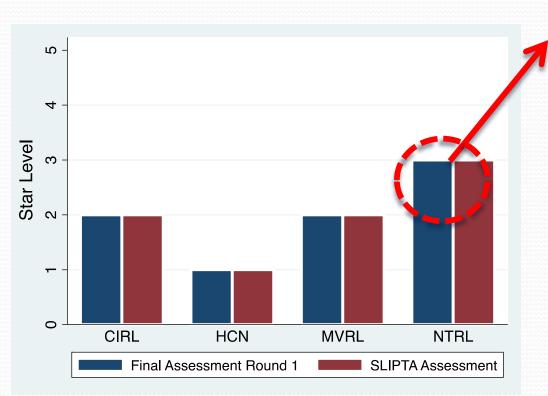

Results from the first cohort of SLMTA

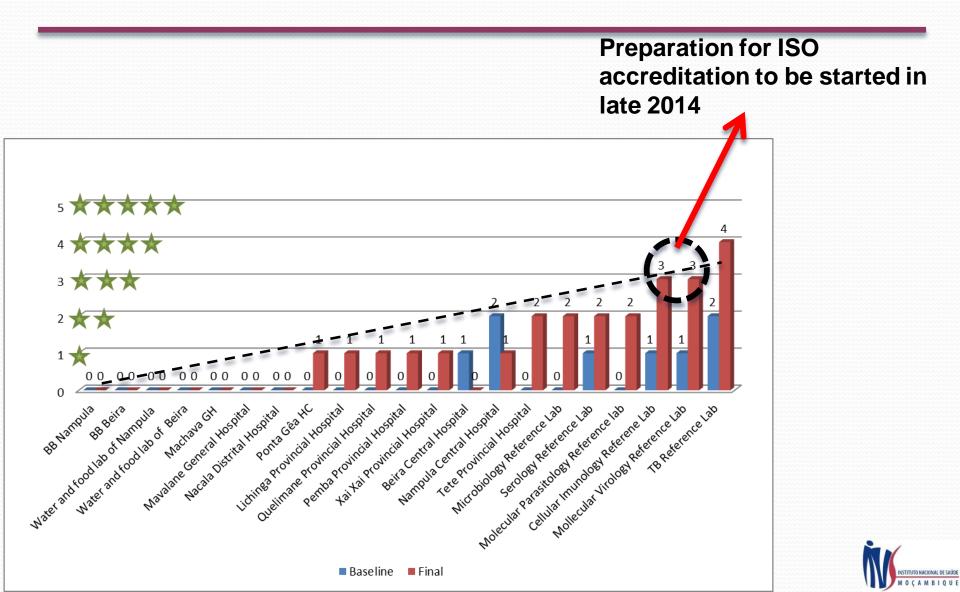

SLIPTA score 1 year later after final assessment score

Preparation for ISO accreditation started in 2013 (Accreditation in the Q1 2015)

Results from the second round

National Targets for Laboratory Accreditation (set in 2012)
